

Summary

I am a junior web developer moving to Texas, with the ability to build and design a professional web presence. Demonstrates knowledge and use of modern languages, tools, and techniques to bring current technologies to a project. Adaptable and can learn new systems quickly. I am looking to start a career in web development, alongside attending a coding boot camp at the University of Texas.

Education

Utah Valley University, Orem, UT **Digital Communications Associates**

- Emphasis in Digital Audio.
- Focus on a wide variety of digital media and communications; including film, audio, web, and software.
- Understanding of professional equipment and techniques for use in film and audio.

University of Texas, Austin, TX **Coding Boot Camp**

- Accepted and will be attending from July – December 2020
- Completed web development pre-work and preparation

Professional Experience

Mountain America Credit Union, Sandy, UT **Online Support / Teller**

May 2017 to June 2020

- Assisted customer needs concerning online credentials and use of a variety of online service.
- Familiarity with products and services offered by banks and credit unions; including account types, CD's, loans, credit cards, and more.
- Trained members and co-workers to navigate Mountain America's largest website overhaul in years.

Centerpoint Church, Orem, UT **Audio/Video Technician Internship**

January 2017 to January 2020

- Weekly planned and set up the main stage. Rehearsed, and mixed front of house for a full-sized band and individual speakers.
- Gained experience with audio equipment and software, including digital mixing consoles and Digital Audio Workstations.

Office Depot, Orem, UT **Sales Representative / Cashier**

August 2015 to March 2017

- Found solutions for customer requirements, and verified that all of their needs were met.
- Working knowledge of cash registers and electronic scanners.
- Kept the appearance of the store in excellent condition, including cleaning, organizing, and restocking.

Musicians Friend Inc., Draper, UT **Customer Service / Verifications**

September 2013 to August 2015

- Served on a "Thank You Project", sending emails thanking customers for their business and opening opportunities to support customers further.
- Worked in fraud prevention, analyzing orders and using online resources to determine high risk for potential fraud.
